\*Program fee is all inclusive

### Duration

- Minimum 2 years (divided into four semesters)  
Maximum 4 years

Unlock a world of opportunities with the nextgen professional program in computer applications.

Get free access to Google Cloud Computing Foundations, and equip yourself for the changing technology-scape.

# Master of Computer Applications (MCA) | Program structure

## First semester

Fundamentals of Computers and IT

Fundamentals of Mathematics

Discrete Mathematics and Graph Theory

Python Programming

Programming and Problem Solving in C

Relational Database Management System

Data Visualisation

Relational Database Management Systems - Lab

Programming and Problem Solving in C - Lab

Python Programming - Lab

## Second semester

Computer Networks and Protocols

Object Oriented Programming using Java

Operating System

Data Structure and Algorithms

Computer Architecture

Object Oriented Programming using Java - Lab

Data Structure and Algorithms - Lab

Elective-I

## Third semester

Unix and Shell Programming

Web Technology

Software Engineering and Project Management

Unix and Shell Programming - Lab

Web Technology - Lab

Elective-II

Elective-III

## Fourth semester

Mobile Application Development

Project Work

Elective-IV

- Total credits: 85
- Labs carry 1 credit each
- Computer Architecture during Semester 2 carries 2 credits
- All other courses carry 4 credits

# Choose your electives from the following options

## Second semester

Elective-II

- AI and Data Science** - Artificial Intelligence
- Cloud Computing** - Fundamentals of Cloud Computing
- Cyber Security** - Cyber Security Essentials
- General** - Internet of Things

## Third semester

Elective-II

- AI and Data Science** - Machine Learning
- Cloud Computing** - Cloud Architecture and Services
- Cyber Security** - Cyber Laws and Ethics
- General** - Data Mining Techniques

Elective-II

- AI and Data Science** - AI for Web Applications
- Cloud Computing** - Google Cloud Essentials
- Cyber Security** - Ethical Hacking
- General** - Blockchain Technologies

## Fourth semester

Elective-II

- AI and Data Science** - AI in Cloud
- Cloud Computing** - Cloud Application Development
- Cyber Security** - Cryptography and Network Security
- General** - Big Data Analytics and Business Intelligence

- Note: \*Bridge course (non credit), applicable only for non IT background. | \*\* (Compulsory) Bridge course (non credit) applicable only for non-mathematic background.
- Every student shall undertake project work, either at their place of work or elsewhere in the chosen area of elective to complete the program. The project work will commence from the third semester and has to be completed by the end of the fourth semester.

Visit [www.onlinemanipal.com](http://www.onlinemanipal.com) and choose the program you want to pursue and register by filling in your basic details & paying the registration fee.

## Provide educational & work details

Fill in your educational & work experience-related details.

## Pay program fee

Pay the admission fee for the first semester /year or full program.

## Upload documents & submit application

Upload supporting documents & submit your application to complete the process.

By harnessing emerging technologies, universities can reach beyond campus walls to empower diverse learners at a global scale.

Source: hbr.org

# Did you know?

## eLearning material

The eLearning material will be made available to you on the Learning Management System (LMS) based on the four-quadrant approach, as per UGC (Credit Framework for online learning courses through SWAYAM) Regulations, 2016. It includes a combination of the following eLearning content, namely:

**Video lectures**

**eText materials**

**Virtual classroom**

**Interactive material**

**Virtual simulation**

**Discussion forums**

## Evaluation

The assessment system has been conceived, developed, and administered on a rigorous and fair basis to bring out the best in you and prepare you for a challenging career.

Your performance evaluation will be based on both continuous evaluation and term-end examinations.

## Theory papers

The theory part is assessed by performance based on continuous assessment (CA) through assignments and term-end examinations (TEE). The assessment ratio for (TEE) to CA is 70:30. The CA is based on assignments prepared by the University. TEE will comprise descriptive and multiple-choice type questions. You must score at least 40% in both CA and TEE to be declared as pass.

## Practical papers (as applicable)

The assessment for the practical part is based on the performance in guided exercises (i.e. day-to-day exercises) and unguided exercises which will be conducted on the last day of the practical sessions in each subject with an external examiner. The assessment ratio for TEE to CA is 30:70. You must score at least 40% in both the parts to be declared as pass.

## Examination

The university semester-end examinations will be held digitally viz. computer-based and online proctored. You can appear for the exams from the comfort and safety of your homes. A laptop or desktop computer with a functioning webcam connected to the Internet is required to appear for the exams. The details of the examination schedule will be made available in the photo admit card issued for appearing for the term end theory examinations. The university will share all examination details via the student portal.

## Results

The results will be published on the student portal. If you fail to clear any of the papers (either in TEE or CA or both), you have to re appear for the relevant paper by applying to the university through the resitting application along with relevant fees, within the due date.

## Awards and degree

Successful students, on satisfying all criteria stipulated by the university, will be awarded the respective degrees by the university.

## Right to amend rules

The university reserves the right to add / delete / change / amend the syllabi, program structure, rules and regulations wherever considered necessary and appropriate without any prior notice. You are advised to go through the website frequently where all circulars and important information will be hosted from time to time. Promulgation of any such information on the website in the form of circulars / notices is considered to be adequate.

## Jurisdiction

All disputes relating to university program and activities are subject to local jurisdiction (Rajasthan) only.

# Testimonials

**Sonia Hiramani**

I'm a teacher by profession. Due to my hectic schedule, I couldn't pursue an on-campus degree. The online MCA program offered by MUJ is flexible for me and I'm able to expand my knowledge.

**Dhananjay**

Working in a tech giant for a few years, I needed to pursue a master's degree to get a promotion and advance in my career. I decided to pursue an online MCA degree because I didn't want to quit my job. Moreover, the online proctored examinations were helpful as we didn't have to go to a center to write our examinations.

**Menka Sharma**

I always wanted to pursue my higher education dream without quitting my job, and MUJ has made it possible for me through their online degrees. My online MCA degree has given me wings to fly and chase my career aspirations.
