		Expected outcome	<p>PO-1. Computational Knowledge: Understand and apply mathematical foundation, computing and domain knowledge for the conceptualization of computing models from defined problems. PO-2. Problem Analysis: Ability to identify, critically analyze and formulate complex computing problems using fundamentals of computer science and application domains. PO-3. Design / Development of Solutions: Ability to transform complex business scenarios and contemporary issues into problems, investigate, understand and propose integrated solutions using emerging technologies PO-4. Conduct Investigations of Complex Computing Problems: Ability to devise and conduct experiments, interpret data and provide well informed conclusions. PO-5. Modern Tool Usage: Ability to select modern computing tools, skills and techniques necessary for innovative software solutions PO-6. Professional Ethics: Ability to apply and commit professional ethics and cyber regulations in a global economic environment. PO-7. Life-long Learning: Recognize the need for and develop the ability to engage in continuous learning as a Computing professional. PO-8. Project Management and Finance: Ability to understand, management and computing principles with computing knowledge to manage projects in multidisciplinary environments. PO-9. Communication Efficacy: Communicate effectively with the computing community as well as society by being able to comprehend effective documentations and presentations. PO-10. Societal &amp; Environmental Concern: Ability to recognize economical, environmental, social, health, legal, ethical issues involved in the use of computer technology and other consequential responsibilities relevant to professional practice. (How, which course maps to this?) PO-11. Individual &amp;Team Work: Ability to work as a member or leader in diverse teams in multidisciplinary environment. (How team work will be achieved, which course maps to this?) PO-12. Innovation and Entrepreneurship: Identify opportunities, entrepreneurship vision and use of innovative ideas to create value and wealth for the betterment of the individual and society. Program Specific Outcomes PSO 1. Ability to pursue careers in IT industry/ consultancy/ research and development, teaching and allied areas related to computer science. PSO 2.Comprehend, explore and build up computer programs in the areas allied to Algorithms, System Software, Multimedia, Web Design and Big Data Analytics for efficient design of computer-based systems of varying complexity.</p>

## Learning Management System (LMS)

### Counselling Process

**Mode of Counselling** :- On Line

**Brief describe the provision in LMS to be used by HEI :-**

In order to reduce paper based activities and speed up overall academic processes in Manav Rachna, we've cloud-based EMS which aims at automating majority of academics tasks at Manav Rachna.

**Briefly write how the Learning Management System (LMS) will ensure the following: (provide a demo link, if available) :-**

Assessment mechanism	The portal allows the instructor's to upload and assign the desired assignments or tutorials to students that can be either simple assignment or evaluated one which are time-bounded. Students can in turn upload their solved assignment sheets on the system which are evaluated by the instructors. All assessment parameters are scheduled and input on EMS portal for maintaining the transparency.
Identified technological interface and interoperability	As it is cloud based the data is easily available for use
Learner's Authentication Requirements	All admitted candidates are provided with login credentials through which EMS Portal is easily accessible.

Learner Registration - through a web application	The candidates enrolled in any course have to register for the subjects as per the study scheme.
Active Engagement of the Learners along with Analytics for active engagement of learners and Reporting	The system is well integrated with Bloom's taxonomy and every assessment is mapped with course outcomes and program outcomes. Along with this there are various reports that help in keeping a keen check on student's performance.
Payment Gateway –using Digital Payment system	Our EMS Portal facilitates students with the feature of making Online payments with the help of Worldline which is online payment gateway.
Tracking the delivery of a Course or programme	A proper schedule/ timetable is prepared on portal that is visible to students and based upon the schedule instructors do make the attendance for each delivered lecture within stipulated time-frame.
Technical Know-how or Skills Requirements	The system is designed in such a manner that the user can easily navigate to various modules and tasks.

## Learning Platform

**Learning Platform** :- Non- SWAYAM

### Provide details for sample module/unit :-

Manav Rachna International Institute of Research and Studies (MRIIRS) has subscribed to a comprehensive cloud based ERP/ EMS (Education Management System) i.e. iCloudEMS which provides integrated solution to enhance and digitize various processes. • Provide details for sample module/unit – Brief details of each module is as following: 1. Admission Module: • Online Application form • Merit list preparation from all applicant data • After verification of eligibility criteria, Student goes through few stages for confirmation of admission namely- Data scrutiny, uploading/verification of required documents, Temporary batch allocation, Payment of fees, Final seat allocation seat, and automatic allocation of Temporary roll no. & CLAN, Generation of Admission letter; ID card and allocation of Hostel/Transport facility on ERP. • After successful admission of student, System generates his ERP Login ID and password which can be further accessed by them for viewing their academic performance and performing other activities. • The detailed description of admissions module can be found under “Admission Module” topic under “General Features”. 2. Student Module: • Admitted student data is well maintained/viewed with respective to Academic year, Department, batches, student status, Roll number etc fields. • Batch/Institute transfer, Withdrawal and editing etc activities can be performed in student profile. • Generation of student Permanent ID cards. • The detailed description of admissions module can be found under “Student Module” topic under “General Features”. 3. Student Course Registration Module and Course Approval: • Student needs to register to the courses offered to them under various academic baskets, which includes courses from current and previous semesters. • Student can register for the courses within the set credit limit of the offered academic basket only. • According to the course pre-requisites and other requirements, courses are approved by the department. • To have detailed view, please refer to “Academics” topic under “General Features”. 4. Faculty- Course allocation, Time table, Lesson Plan and Attendance Module: • Students gets divided into Sections and Practical or TUT groups, further courses are allocated to Faculty members according to specific batch/Section/Practical or TUT groups and Teaching load according to lecture per week is defined. • Time table can be prepared according to the defined teaching load. Tagging of alternate arrangement, extra lecture in TT free slots, making the lecture slot free are some of the added features offered. Date wise Time table can be viewed by Students and Faculty members. • Topic wise lesson plan for the whole session with proposed date is prepared by all faculty members and it can be viewed by students as well. Faculty member marks the Student attendance by selecting the topic taught in the lecture within 24 hrs of the lecture conducted otherwise marking of attendance gets freeze. • Attendance of students engaged in extra circular activities are marked from “Event Attendance Module” separately. • According to the attendance marked for the topic, system updates the conducted date for all the topics. Thus, generating report considering all parameters-Proposed date with the topic and actual conducted date. • Lesson plan and student Date wise/Course wise/Aggregate attendance report can be viewed by Student and Faculty members. • To have detailed view, please refer to “Academics” topic under “General Features”. 5. Assignments and Academic Content Module: • Faculty members uploads the various assignments for the allocated courses, It can be Viewed/Submitted by the students and afterwards Faculty members can View/Download/Evaluate/Reject the student’s submitted assignments. Marks/Remarks given by the faculty can be further viewed by the students. • Uploaded course contents like syllabus, previous year question papers, Lecture notes; PPT’s, Links and videos can be viewed by students. • To have detailed view, please refer to “Academics” topic under “General Features”. 6. Examination Module: • Parameter wise internal assessment marks is entered by course faculty and the same can be viewed by students. • Question Paper of Internal assessment tests is created by mapping each question with the Cognitive Level (Bloom’s Taxonomy of (Cognitive) Learning Level) and Course Outcome, Question wise marks scored by the student is entered which further helps in measuring the student’s attainment level of Course outcome. • Attendance and Assignment marks are automatically picked from the respective module and gets converted to Maximum marks of the parameter. • Students can view marks scored by them in every parameter, thus increasing transparency of their academic performance. • Students can apply for their backlogs through online portal on which the subjects are displayed as per their previous grades and also pay the supplementary fees online. • Examination branch can generate the required Cut-list report through the portal itself. • To have detailed view, please refer to “Examinations” topic under “General Features”. 7. Feedback Module: • Course-Faculty Feedback is been submitted by the students against the defined parameters two times within a semester. • Other Feedback namely University Feedback, Campus Feedback, Parents Feedback and Exit forms are also taken for overall analysis and further necessary action to be taken on the data submitted by them. • To have detailed view, please refer to “Academics” topic under “General Features”. 8. Grievance Module: • Student/ Staff members can raise Grievance’s from the portal and depending upon the nature of grievance, system allocates the issue automatically to the set competent authority at Level I. If the matter is not resolved by the Level I staff, she/he can transfer the issue to the next Level mapped in the system against the same issue for timely solution of the issues. • To have detailed view, please refer to “Grievance” topic under “General Features”. 9. Circular Module: • Important information/Circulars can be shared with all the stake holders- Students/Staff members by the competent authorities by posting them through Circular Module. It can be viewed/ Downloaded by Students and Staff members. • To have detailed view, please refer to “Academics” topic under “General Features”. 10. Hostel and Transport Module: • Allocation of Hostel Beds and Transport vehicle according to facilities and Route/Stop opted by the student. • Hostel and Transport ID Card can be generated from the system. • To have detailed view, please refer to “Hostel & Transport” topic under “General Features”. 11. Staff Achievements Module: • Faculties can upload the Personal, academic and data related to Publications, Journals etc and the same the can be viewed/downloaded for preparation of reports required for various accreditations, rankings, surveys and compilation of data for regulatory bodies. • To have detailed view, please refer to “Staff Profile” topic under “General Features”. 12. Fee Module: • Fees structure of all the offered programs can be entered into the system. • Student can view/Pay (Through Credit card/Net banking) their previous balance amount with current Academic, Hostel/Transport or Miscellaneous dues. • Generate/Print Fees Challan. • View/Print Fee receipts for the Paid amount. • Accounts department can generate, view and download the relevant reports as per their requirements. • To have detailed view, please refer to “Finance & Accounts” topic under “General Features”. 13. Reports: • A good amount of reports are available on our EMS for various modules that help authorities to keep the track of academic, accounts, examination etc related activities. • Reports related to all modules can be found in detail under their corresponding sections. 14. Administrative Level Setting: • At admin level there are various settings provided to facilitate the proper and smooth working at institute level. • Role-Wise Setup – At initial phase administrator of portal creates all required roles for the intended users so that everyone gets the access as per the requirements. Module wise access rights to respective stakeholders like Teaching staff, departmental heads; administrative, Admissions, Hostel/Transport, Finance, HR and other Department staffs. • Settings – These are the list of utilities that are accessible to the user based on their defined roles. • For more guidance in this topic refer “Administrative Tasks” section.

**Briefly write on ICT facilities available/ to be ready dedicated for the implementation of Online Courses :-**

The Information and Communication Technology at Manav Rachna International Institute of Research and Studies university campus is driven by state of the art Network through wired and wireless technology available 24x7. A dedicated internet bandwidth from Tier 1 internet service provider is available round the clock 24x7. All the faculty members are facilitated with internet access through a firewall having filtered access barring unwanted and “not suitable for academic” web sites along side of blocking access for inbound external threats of harmful and malicious contents viz viruses, malware and hackers attempts which are potentially harmful for network and computers including valuable Data. All the computers labs of departments are equipped with modern computers and available with necessary applications of the departmental teaching. IT department at times conducts training on the latest system and use of the available IT infrastructure to faculties under FDP. ICT tools like projectors, virtual classrooms, supplementary audio-video and e-resources are incorporated in to teaching and learning. The university has well equipped media centre to record the webinars and lectures. Teachers enjoy autonomy in their teaching methodologies through which they improvise to blend e-learning resources like National Program on Technology Enhance Learning (NPTEL), NITTTR Chandigarh Technology Enabled Learning (NCTEL), MOOCs through SWAYAM/Coursera etc. Necessary software is either subscribed or purchased for perpetual licenses to eliminate the use of pirated software. University policies are very strict and do not promote use of unsolicited software or applications. University has started the process of implementing shared resources for printers and scanners available to all the staff and faculties. This eliminates the necessity of providing individual printers to selected people closed resources. All students are provided with lifetime email IDs along with lifetime licensed Microsoft office and other components for not restricting their usages within campus computer labs. All staff and faculties are provided with official email IDs and IDs for conducting internet based online remote classroom to the students. Students' writing online examinations are proctored in person by the faculties over internet access. Users have interactive Library Portal, the single platform offering access to the Library resources and single window search solution where all the Library material from print and digital resources can be searched and accessed using single window search solution platform. The Central Library has made a distinct place in Campus not only in terms of resources and services but latest application of ICT Tools like RFID and Web-based user interactive Library Systems, My Account, Ask A Librarian, Insta-Alert Service and Professional Research and Reference Services. All the library operations are fully automated using Web-based Libsys Web7.0, RFID and EBSCOs Single Window Search solution offering 24 x7 remote access to its resources. The Library is a member of the UGC INFLIBNET E-shodhSindhu and Developing Library Network promoting resource sharing amongst South Asia Libraries. Open Access initiatives, hybrid blended learning and National initiatives like National Digital Library, NPTEL, MOOC and Swayam and other key initiatives of the MHRD/UGC are promoted and digital learning platform offering a range of national and international resources and services are offered to its patrons. It also provides plagiarism monitoring facility through Urkund and Turnitin software. Manav Rachna International Institute of Research and Studies (MRIIRS) has subscribed to a comprehensive Cloud based ERP (Institution Management System) from M/s iCloud EMS, Pune which provides integrated solution to enhance and digitize the teaching learning processes in the university through its web & mobile based applications. It includes faculty course allocation, time table uploading, lesson plan uploading, attendance marking & monitoring module, assignment uploading & marking module, academic content uploading & faculty repository maintenance module and continuous internal assessment module for all theory, lab, seminar & project related courses along with course/program outcome attainment report generation module. This system also provides integrated solution to automate the examination processes in pre-examination, examination and post-examination phases. Starting from admission application submission to online course registration and approval, continuous internal evaluation, attendance monitoring, hall ticket generation, end semester marks uploading, submission of application form for re-appearing and course & program outcome attainment calculation & subsequent report generation are done on ERP itself. The students, faculty mentors and parents can check the performance of their ward on a regular basis. The evaluation of these time bound activities is conducted on ERP in a complete transparent manner. Amidst Covid-19, conduct of online classes and regular assessment of students is being done through online quizzes, MCQs and through assignments- simultaneously assessing their learning outcomes after creating different Classes/Teams/Groups/Channels on Microsoft Teams and Tagging the students accordingly. MS Teams platform has enabled education fraternity to schedule meetings for online lecture delivery in a complete interactive manner, using white board options, integrating videos, uploading handouts/class notes, scheduling quizzes/assignments, setting timelines, designing rubrics for assessment alongwith the facility of recording and streaming of lectures. It also provides integrated apps from Office365-including Word, Excel, Power point, OneNote class notebook and access to third part apps too. Manav Rachna campus is equipped with all latest ICT amenities for the benefits of the students and faculties.
